4 September 1969

# MEMORANDUM FOR THE RECORD

SUBJECT: Possible Visit of Chief of Naval Operations [REDACTED]

1. I received a telephone call today from [REDACTED] advising me that he had been queried [REDACTED] concerning the capability [REDACTED] to receive the Chief of Naval Operations on 4 October. [REDACTED] wanted to know if [REDACTED] possessed an aircraft starter unit for an EB-66.

2. After the discussion with [REDACTED] I contacted [REDACTED] who made a further check with the office of the Chief of Naval Operations. [REDACTED] learned that the visit under consideration stems from an earlier plan to provide the CNO an opportunity to view the [REDACTED]. Apparently the Navy thought the proper contact was [REDACTED].

3. I advised [REDACTED] that we would be very happy to have the CNO visit [REDACTED] whenever he wished. I also asked [REDACTED] to broker the possible visit for us. [REDACTED] indicated he would be happy to assist and that he would try to get all of the details. I suggested that it would be desirable to have a fairly senior Air Force representative on hand who was familiar with the [REDACTED]. [REDACTED] also suggested that the visit of the CNO might be an opportune time for some of us to brief

## MEMORANDUM FOR THE RECORD

SUBJECT: Conversation with Dr. Fubini

During the course of our meeting the week before last, Dr. Fubini had asked Carl Duckett and me why there was no scientist on the Board of National Estimates. We said that it was because no suitably qualified candidate had ever volunteered. Dr. Fubini called me on Saturday to offer three names for consideration:

1. Dr. Albert Wheelon.

2. [redacted] This is the [redacted]
